

24/7 LIVE TUTORIAL HELP FOR BEFORE AND AFTER SCHOOL PROGRAMS

Give your students 24/7 access to live one-on-one tutoring, so they get the help they need whenever they need it. SMARTHINKING delivers live, online tutoring and homework help in Math and English to middle and high school students across the country. SMARTHINKING makes getting live help easy – from any computer with an Internet connection, and no software installation is needed.

No one has more experience. SMARTHINKING has helped over 35,000 students from more than 300 schools and colleges in 160,000 live tutoring sessions. Clients include the Massachusetts Department of Education, Los Angeles Unified School District, Memphis City Schools, University of California College Prep Initiative, Florida Virtual High School and many others.

SMARTHINKING meets No Child Left Behind (NCLB) requirements for supplemental education service providers, and has been approved as a provider in over a dozen states.

How can SMARTHINKING improve your program?

Whether you want your students to have drop-in sessions for homework help, high stakes test preparation, bilingual tutoring, essay critiques, or a custom program, SMARTHINKING can help:

- **Homework help:** For students who need additional help or are more advanced than their peers, SMARTHINKING can provide live homework help and tutoring services that will supplement after-school and before school activities.
- **Assessment preparation.** SMARTHINKING has helped over 2,500 Massachusetts 11th graders who had failed the 10th grade MCAS – Massachusetts' high stakes, high school exit exam. The Massachusetts Department of Education (DOE) reported that students who used SMARTHINKING were 23% more likely to pass the MCAS retest than those that did not use SMARTHINKING.
- **ESL instruction.** SMARTHINKING's bilingual tutoring in Math and ESL writing program provide targeted, specialized support for Limited English Proficiency (LEP) students. LEP students blossom when taught in a language with which they are familiar
- **Writing assistance.** The Online Writing Lab (OWL) gives students detailed critiques and feedback on their essays within 24 hours. Research indicates that eighty-eight percent of students who submitted at least two drafts of an essay to SMARTHINKING's OWL showed substantive improvement in their writing.
- **Customization.** SMARTHINKING staffs a variety of intensive online tutoring programs to help school districts direct one-on-one attention to the students who need help, when they need it. We can tailor a program to your academic and budgetary needs.

If you would like to learn more about how SMARTHINKING can work with your before or after school program, please do not hesitate to contact Neil Allison at 888 430 7429, x. 201, or send an email to nallison@smarthinking.com.

Live, one-on-one – All live instruction is intensive, one-on-one, not group sessions or intermittent instruction mixed with self-paced student work.

Available 24/7 - Only SMARTHINKING staffs experienced live instructors **24/7**, so students can get help anytime they need it.

Quality – All tutors have been rigorously screened, intensively trained, and bring extensive teaching and/or tutoring experience: Over 80% hold a Master's or Ph.D. in their field.

Targeted – Students can select to follow personalized learning plans guided by online assessment results.

Monitored - All students' online communication with tutors is saved for school, parent, teacher or student review.
